

Sopot, 01.10.2017

Dear Student

We would like to invite you to participate in a survey on the harassment and sexual harassment of university students. The survey is addressed to all students (who have been studying for at least one year) – both those who have experienced harassment / sexual harassment, as well as those who have had no such experiences. Participants in student exchange programmes and doctoral students are also invited to take part in the survey.

The survey is conducted by the Office of the Commissioner for Human Rights, with PBS Sp. z o.o. acting as the Contractor. Its objective is to determine the scale of behaviour connected with harassment and sexual harassment of students at universities. It is, furthermore, important to identify reactions to such behaviour and evaluate the functioning of present support standards and systems. We hope that information collected during the survey will make it possible to develop recommendations for the implementation of anti-discrimination standards and increase legal protection in the field of harassment and sexual harassment.

Your participation in the survey is voluntary and anonymous. By completing the questionnaire, you will contribute to help diagnose undesirable situations related to harassment and sexual harassment, and will **help provide appropriate support** for students who have experienced such situations.

To participate in the survey, go to: <http://badania.pbs.pl/studenci.pg>

or scan the code:

Should you need more information feel free to contact:
